To the Citizens of Tyngsborough,

This report will identify the activities that have taken place during the calendar year and accomplishments that have occurred.

As I submit the annual report for the 2008 calendar year, your police department is looking toward the future. In any organization, a vision of the future is essential in the performance of the present. In order to plan effectively and to have the best interest of the agency in mind, input from every part of the organization and its stakeholder is critical. We have developed a five year plan to look ahead to determine what will be necessary to meet our obligations. It is the goal of the Tyngsborough Police Department to anticipate and prevent problems, to look at innovative solutions, and respond to issues with fairness, sensitivity, and compassion.

As a community-oriented Police Department, we are always looking for ways to interact with our community and we recognize that our mission is and will continue to be to provide the best quality service to the citizens of Tyngsborough.

Memorial

This year we were once again saddened by the loss of one of our members, Officer Andrew (Andy) Ray. We will always remember him for his years of service, dedication to his family, the community, his fellow officers and the Police Department. He will be sadly missed.
