Firearms licensing applicants,

The Firearms Licensing process, specifically fingerprinting and photographs, will restart on June 8th. The process will involve specific guidelines which enhance the safety of the public and our department personnel who will be assisting in the licensing process. These guidelines will remain in place until further notice.

- There will be two (2) four (4) hour blocks designated each week for the fingerprinting and photographing portion of the firearm licensing process. All blocks of time are from 3-7pm.
- You will receive a call from our department providing you choices from the schedule below. We ask that when you arrive at the police department for your appointment to please call the dispatch desk @ 978-649-7504, but remain in your vehicle.
- When our personnel are ready to process you they will call you and you will be asked to enter the Police Department through the garage door on the South side of the building.
- All people coming into the building are required to wear a facemask, unless a legal exemption exists. All personnel from the Police Department who are processing firearm license applicants will be wearing a facemask as well.

We appreciate your understanding and cooperation as we navigate through these changes. If you have any questions regarding the firearm licensing process please contact Sgt. Cynthia Shay @ 978-649-7504 x 131.

June 8, 10, 15, 17, 22, 24, 29
